

# 1225-X

## TURN-ON-AND-GO metal detector

**High performance & deep detection, for a low price!**

If you're looking for affordable depth, discrimination, and ease of operation, this is the detector to check out. Fisher detectors are known for their extraordinary ability to penetrate mineralized soil. The 1225-X is no exception... it goes deep. VLF slow motion discrimination utilizes double derivative circuitry to ignore ground minerals and junk without having to whip the search coil back and forth. High performance for a low price.

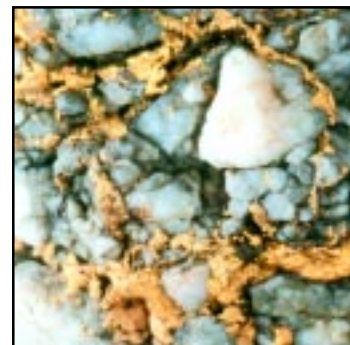

**Backed by Fisher's  
LIFETIME WARRANTY\***

### CONTROLS

**ON-OFF/ DISCRIMINATION:** Dual purpose potentiometer with switch. Turns power on and controls level of trash rejection. Detects all metals at zero.

**PINPOINT:** Push button switch for instant ground reject, all-metal no-motion pinpointing.

**BATTERY TEST/ SENSITIVITY:** Dual purpose potentiometer with switch. Controls sensitivity to targets and ground minerals. Audio tone battery check.

### FEATURES

**Depth:** Fisher's detectors are known for their extraordinary ability to penetrate mineralized soil. The 1225-X is no exception. It goes deep!

**VLF Slow Motion Discrimination:** Patented double derivative circuitry ignores ground minerals and junk without having to whip the search coil back and forth.

**No-Motion Pinpointing:** Just push a button and you're in a hot, instant ground-comp, all metal pinpoint mode.

**Automatic Operation:** No threshold tone, no ground adjust, no nonsense. Just turn it on and go. Two knobs and a push-button do it all.

**Battery Life.** 40 to 50 hours on just two drop in 9 volt alkaline. Even more if you use headphones.

**Optional Search Coils:** A hot little 5 inch coil for tight spots and high-density trash areas. Wide scan 10-1/2 inch coil covers more ground and goes even deeper. All coils guaranteed waterproof.

**Quality:** Built tough and backed by the oldest name in the business.

## SPECIFICATIONS

Subject to improvement, modification  
or change without notice.

### LENGTH

Extended.....55"<sup>2</sup>  
Collapsed.....46"<sup>2</sup>

### WEIGHT

3.1 pounds<sup>2</sup>

### FREQUENCY

VLF Search.....5.5 kHz  
Audio Target Response.....495 Hz<sup>3</sup>

### OPERATING MODES

Search.....VLF Slow Motion Discrimination<sup>3</sup>  
Pinpoint.....VLF - All Metal No-Motion

### SEARCH COIL

Type.....Concentric, Co-Planar  
Diameter.....8"  
Shielding.....100% E.S.I.<sup>5</sup>  
Interchangeable.....Yes  
Submersible.....Yes

### BATTERIES

9 Volt Transister (Qty. 2)  
BATTERY LIFE,  
Carbon Zinc.....20-30 hours<sup>2,6</sup>  
Alkaline.....40-50 hours<sup>2,6</sup>

### WARRANTY

Lifetime Limited Warranty\* -  
\*warranty may vary outside of the United States, warranty applies to the original purchaser only.  
see your dealer for details

## NOTES

1. Subject to improvement or modification without notice
2. Approximate
3. Pulsegate Unipolar Audio Processing. Advanced Fisher circuitry,  
which allows silent operation below audio threshold tone with no loss in sensitivity.
4. The 1225-X is a motion metal detector. While in search mode, the coil must be moving at least slightly to detect a target.
5. ESI - Electro Static Insulated to reduce certain types of false signals.
6. Use of headphones may increase battery life up to 100%.

## ACCESSORIES

### STANDARD EQUIPMENT

8" Search Coil  
Operating Manual

### OPTIONAL EQUIPMENT

Fisher Phones  
Stereo Headphones  
10.5" Spider Search Coil  
5" Search Coil  
Hard Carrying Case  
Carrying Bag  
Coil Covers
